Additional conditions

Baggage

Baggage allowance is according to your fare

Cabin baggage (transportable in the passenger cabin):

- Light, Plus, Delta Comfort, Start, Classic and Flex fares allow one (1) carry-on baggage of maximum 12 kg in Economy cabin and 16 kg in Premium Economy or Premium Business cabin free of charge. Carry-on baggage is not included in the Basic nor Base fares, however it may be purchased as additional baggage for an extra charge. This baggage must be placed in the overhead compartments of the cabin and the maximum dimensions allowed are 55 cm x 35 cm x 25 cm (length, height and width) including pockets, wheels and handle. Basic and Base fares only include one (1) handbag free of charge. Infants under 2 years of age are entitled to carry one (1) carry-on baggage item under the same conditions mentioned above.

- Please note that if cabin space is not sufficient, we will send your carry-on baggage to the hold at no charge, provided that your fare allows free carriage of carry-on baggage, or you have purchased it as an additional baggage allowance. Conversely, if your carry-on baggage exceeds the quantity, size or weight allowance, you will have the option to send it to the aircraft hold for an extra charge. If you choose not to do so, we will not board your baggage on the flight, nor will we be responsible for its safekeeping.

- In the event that your carry-on baggage is sent to the hold for any of the above reasons, you will not be entitled to a refund of the carry-on baggage fee. For your safety, please remember to remove any valuable items from the baggage that is sent to the hold. Please review the terms and conditions on our website.

- All fares allow you to carry free of charge in the economy cabin a handbag (wallet, laptop or baby bag), whose maximum dimensions are 45 cm x 35 cm x 20 cm (length, height and width), which must be placed under the front seat, except in first row and emergency rows (where they may be placed in the overhead compartments).

Checked baggage (transportable in the hold of the aircraft):

- To deliver your baggage and pay for it, if applicable, you will need to arrive at the airport with the anticipation announced on your airline ticket. You must deliver your baggage only at the LATAM counter located at the airport.

- For each piece, the maximum dimensions are 158 linear centimeters (width + height + length). Check the maximum weight allowance on our website. If you need to carry more baggage than allowed (additional baggage, overweight and/or oversized), find out the excess baggage cost in the "Help Center" section of our website.

- If you are traveling with special baggage (sports, musical and audiovisual items), find out about the specifications for their transportation and the cost in the "Help Center" section on our website. All your baggage will be subject to review by the appropriate authorities. Remember to review our baggage policy in the "Help Center " section of our [website](#).

Changes and Refunds:

- To verify the conditions of changes and refunds applicable to each of the rates, you should review the particular terms and conditions applicable to each of them.

- Additional services (baggage, seats, premium boarding or others) will not be refunded if you do not use your ticket or if you request a voluntary change or refund (except for fares allowing refunds).

Flights operated by another airline:

- When you have an interairline trip (a flight shared between LATAM and other airlines), the amount of baggage you can carry is determined by the Most Significant Carrier, MSC (Main Airline) standard. This rule says that for the interairline trip you will apply the policy of the company that makes the geographically longest or most important route. This is the Main Airline, and therefore you will be able to take the amount of baggage set by this airline to your final destination.

Exception for flights to or from the United States/Canada:

- If flying to or from the United States/Canada, the baggage policy of the airline with which you start the trip generally applies, regardless of whether there are stops of 24 hours or more (layovers).

- The exception is when you take a codeshare flight to or from the United States, where the Main Carrier is the one who sold your ticket.

- To review further information visit the "Help Center" section of our [website](#).

- **TICKET USE:** The flights or legs which make up the itinerary must be flown in the indicated given order. The carrier, subject to the conditions described in the applicable legislation, may refuse to board a passenger who hasn't complied with the previously mentioned itinerary order or if a passenger hasn't flown one of the legs indicated in their ticket. If one of these segments is not flown, the itinerary will be completely canceled without prior warning and no refund given unless the fare's conditions allow it. The applicable treaty governs and may limit the liability of carriers to passengers for death or personal injury, destruction or loss of, or damage to, baggage, and for delay of passengers and baggage. Additional protection can usually be obtained by purchasing insurance from a private company or the airline.
