Bringing liquids on board
In compliance with international security regulations, any liquid items (including gels, pastes and similar) which are carried into the aircraft cabin must be packed in individual containers with a capacity of not more than 100 ml (1 dl).

Air passenger rights
If you are denied boarding or if your flight is cancelled or delayed for at least two hours, ask at the check-in counter or boarding gate for the text stating your rights, particularly with regard to compensation and assistance. Regulation (EC) no. 261/2004.

Air transportation notice
For liability issues and other transport conditions, please refer to the SWISS general conditions of carriage available at any Swiss International Air Lines sales office, or on swiss.com.

Advice to International Passengers on Limitations of Liability
Passengers embarking upon a journey involving an ultimate destination or a stop in a country other than the country of departure are advised that the provisions of an international treaty (the Warsaw Convention, the 1999 Montreal Convention, or other treaty), as well as a carrier's own contract of carriage or tariff provisions, may be applicable to their entire journey, including any portion entirely within the countries of departure and destination. The applicable treaty governs and may limit the liability of carriers to passengers for death or personal injury, destruction or loss of, or damage to, baggage, and for delay of passengers and baggage.

Additional protection can usually be obtained by purchasing insurance from a private company. Such insurance is not affected by any limitation of the carrier's liability under an international treaty. For further information please consult your airline or insurance company representative.

Important notice
The contract of carriage between you and SWISS is governed by applicable law and by our Conditions of Carriage, which you can consult on our swiss.com website. Please note that, in accordance with Article 3.3 of our Conditions of Carriage, this fare is only valid if the flights are taken in the booked sequence. Otherwise the fare will be recalculated based on the actual flight routing.

The liability of SWISS or other carriers is subject to the Montreal/Warsaw Convention and/or EC Regulation 2027/97. In the event of death or bodily injury, SWISS has waived the liability limits imposed by the Warsaw Convention, and has waived the defence that it has taken all necessary measures to avoid damage up to a liability of 151,880 special drawing rights (SDR) per passenger. In the event of death or bodily injury, SWISS will make an advance payment in accordance with EU law.

Additional baggage fees may apply.

The authorities of certain countries may require us to transfer specific travel data to them relating to your journey, for security and immigration purposes. You authorise us to transfer, for these purposes, so-called passenger name record (PNR) data such as your name, date of birth, home address, contact phone numbers, information on your travel partner, date of reservation, ticket issuance, payment information, travel itinerary, frequent flyer number, information concerning your baggage and/or changes to the PNR. You are aware that such data could be transferred to countries whose data protection provisions are not as strict as those provided under Swiss law.
