If you have booked a combination of travel services together (e.g. any two of flight, hotel or car hire) we will be fully responsible for the proper performance of the package. Additionally, we have protection in place to ensure you are refunded any unused services and, where a flight is included, to ensure your repatriation in the unlikely event we become insolvent. You can find more information here
Alternatively, if the above does not apply and you booked one or more additional travel services with us within 24 hours of having booked the first travel service with us (i.e. booking hotel or car hire which is linked to a flight booked within the previous 24 hours) you will benefit from all EU rights applying to such linked travel arrangements and will also be covered by our insolvency protection which ensures you are refunded any unused services and, where a flight is included, that you are repatriated in the unlikely event we become insolvent. For more information on insolvency protection, click here
